## coverMates

### THE TOP-SELLING COVER LIFTS IN THE WORLD

*No manufacturer makes better spa cover lifts than Leisure Concepts. The innovation starts with our product designers who envision cover lifts never before seen in the marketplace. Then our manufacturing team realizes that vision by utilizing the highest quality materials and state-of-the-art processes. The results are cover lifts that are stylish, easy to install, fit most spas and exceeds consumer and dealer expectations — without exceeding their budgets.*

Comes standard with a TowelMate

## covermate i

### THE INDUSTRY STANDARD FOR QUALITY AND FUNCTION

Step up your cover lift offering with the CoverMate I. This is simply the highest quality and most sold cover lift on the market. Its time-tested performance, attractive appearance and obvious quality is apparent to everyone desiring a no-hassle cover lift. Enjoy great customer satisfaction with the CoverMate I.

### FEATURES & SPECS

- + Requires just 10 to 15 inches of clearance behind spa
- + Available with specialty brackets that are designed specifically for certain spa brands
- + Available with extended pivot arms and extended brackets for larger spas
- + Powdercoated aluminum tubing with easy-to-install, non-corrosive composite brackets
- + Comes standard with a TowelMate accessory for hanging up to three towels right where you need them most

With a Euro-styled composite bracket, our CoverMate I outsells every other lifter in the industry

## covermate i eco

### PERFORMANCE AND PRICE: CHOOSE BOTH

Want to offer a more economical cover lift without sacrificing quality? Look to the CoverMate I Eco. This lift offers features similar to the industry-leading CoverMate I, but allows for a lower sale price. Quality and value come together in the CoverMate I Eco.

### FEATURES & SPECS

- + Requires just 10 to 15 inches of clearance behind spa
- + Powdercoated aluminum tubing with easy-to-install, non-corrosive brackets
- + A great entry-level lift
- + Works well with smaller spas

cloSed PoSItIoN

## COVERMATE FREESTYLE

### THE COVER LIFT SOLUTION FOR ROUND and uniquely shaPed sPas

Thanks to our exclusive, adjustable mounting base that slides beneath the spa, the CoverMate Freestyle delivers when other lifts can't.

#### FEATURES & SPECS

- + Requires approximately 20 inches clearance behind spa
- + Designed to work on round and uniquely shaped spas
- + Adjustable mounting base simply slides under the spa
- + Works on virtually any spa up to 43 inches tall and 95 inches wide

## covermate easy

### suPerior, stylish simPlicity

With no moving parts, the CoverMate Easy is a perfect example of "form follows function." This traditional cover lift offers ease-of-use and performance features your customers will love.

#### FEATURES & SPECS

- + Requires just 18 inches clearance behind spa
- + This basic lift simply looks better than the competition
- + Powdercoated, aluminum tubing with easy-to-install, non-corrosive mounting brackets
- + Durable, corrosion-free nylon catch straps provide a more stylish look, as compared to chains
- + Comes standard with a TowelMate accessory for hanging up to three towels right where you need them most

## COVERMATE II & ii understyle

### OUT-OF-SIGHT PEACE OF MIND

These models allow the open cover to rest lower against the spa for a slightly less-obstructed view. Depending on the mounting system, the CoverMate II can be screw-mounted low on the spa, or simply slid underneath for spas with weaker skirts using the optional Understyle bracket system.

#### FEATURES & SPECS

- + Requires just 18 inches clearance behind spa
- + Powdercoated, aluminum tubing with easy-to-install, non-corrosive mounting brackets — same as CoverMate I
- + Understyle system uses two aluminum brackets and 7-inch base plates that simply slide under the spa
- + Comes standard with a TowelMate accessory for hanging up to three towels right where you need them most

## covermate iii

### THE PERFECT ANSWER WHEN CLEARANCE BEHIND THE SPA IS AN ISSUE

No other hydraulic cover lift offers the beauty, reliability and superior operation of the CoverMate III. Our exclusive wind lock system is the only one of its kind—designed to eliminate broken shock syndrome that other hydraulic lifts experience. Combine that with an aluminum full-frame construction and our stylish composite mounting brackets, and you've given your customers a perfect option with no heavy lifting.

### FEATURES & SPECS

- + Requires just 6 inches clearance behind spa
- + Powdercoated, aluminum tubing with easy-to-install, non-corrosive mounting brackets
- + Ergonomically designed for ease of use
- + Available with extended pivot arms and extended brackets for larger spas
- + Available with optional DeckMount bracket system sold separately

## covermate iii eco

### EASY LIFTING THAT'S EASY ON THE WALLET

For customers wanting a lower-cost hydraulic-assisted cover lift, the CoverMate III Eco is a perfect option. Built with aluminum brackets rather than the composite brackets of the premier CoverMate III, the Eco version still delivers impressive performance without sacrificing quality. Value comes standard with the CoverMate III Eco.

### FEATURES & SPECS

- + Requires just 6 inches clearance behind spa
- + Powdercoated, aluminum tubing with easy-to-install, non-corrosive mounting brackets
- + Great entry-level hydraulic lift
- + Works well with smaller spas

## covercatch

### the simple solution to cover storage

The CoverCatch is the perfect answer for keeping the cover close-by and off the ground. Install the arms low on the spa for an unobstructed view, or higher for added privacy. Ideal for the smaller sized spa and cover.

SIMPLE INSTALLATION

### FEATURES & SPECS

- + Requires just 10 inches clearance behind spa
- + Arms fold flat against spa when not in use
- + Works well on most smaller spas regardless of shape
- + Foam-rubber pads provide soft, slip-free surface for the cover to rest on

Utilizes non-corrosive composite mounting brackets

## COVERSHELL

### REMOVE THE COVER WITHOUT REMOVING THE VIEW

It's hard to imagine a more simple or effective method of cover removal and storage than the CoverShell. Simply fold the cover in half and slide it out onto the sturdy aluminum bars, where it can rest securely without obstructing the view.

ARMs Fold Flat WHEN Not IN USE

### FEATURES & SPECS

- + Shelf arms fold flat against spa when not in use
- + Works well on most unconventional shaped spas
- + 5-minute installation

COVER RESTS ON TOP OF ARMS

## Spa Steps

**rise to the occasion**

*Nothing hinders a spa experience more than having to climb in and out over the side. Leisure Concepts eliminates that leap with the highest quality, most attractive steps in the industry. Safety, security and great looks come standard, along with a lifetime dealer warranty. Step up to the best. Step up to Leisure Concepts.*

## durasteP ii

### THE BEST ENTRY-LEVEL STEP IN THE INDUSTRY

## SWIMSPA STEP 3

### STAIRWAY TO HEAVEN

Getting into and out of a swim spa can be a workout on its own — but not with the SwimSpa Step 3. With sturdy construction, non-slip treads and a single handrail, this product will help your customer get the most from their swimming workout — safely and with style.

### FEATURES & SPECS

- + Large, slip-resistant rubber treads for safety
- + Optional second side handrail available
- + Assembles in 20 minutes or less
- + 31" W x 24" H x 50" D

Slip-free foam grips come standard on handrails for added safety and comfort

## SWIMSPA STEP 4XL

### WHEN BIGGER IS BETTER

Some customers have the space or want the security of a wider set of steps with a double handrail. The SwimSpa Step 4XL offers exactly what they need. It features the same quality materials, sophisticated design and safety aspects of our smaller steps, but in a larger format.

### FEATURES & SPECS

- + Slip-resistant rubber treads are soft to the feet
- + Extra large platform for safety and stability
- + 79" W x 33" H x 65" D

## SWIMSPA STEP 4

### rise to the occasion

With deeper swim spas, it takes an extra step to easily enter and exit the spa. The SwimSpa Step 4 gives customers the extra elevation needed to safely and comfortably access their swim spa.

### FEATURES & SPECS

- + Large, slip-resistant rubber treads for safety
- + Optional second side handrail available
- + 31" W x 32" H x 65" D

Safety Rail designed for side entry that can be removed for front entry as well

### MATCH OR ACCENT ANY SPA WITH ONE OF THE TEN POPULAR COLORS BELOW

All of our colors are perfectly matched to Hot Spring, Caldera, Sundance, Jacuzzi and many other spa skirts.

## Spa accessories

### **HAVING A SPA IS ONLY PART OF THE EXPERIENCE**

*To truly appreciate the luxury of spa ownership, accessories are mandatory. They also provide dealers with on-going sales opportunities to existing customers. Leisure Concepts offers a complete line of spa accessories that will enhance dealer showrooms as well as sales figures. They all come with our exclusive warranties and industry-leading dealer support.*

## sunbrella

## SPAUMBRELLA

### your customers are covered rain or shine

This elegant, European-designed umbrella lets customers enjoy their spas regardless of the elements. Powdercoated 2 1/4 inch aluminum tube construction and premium Sunbrella material make this umbrella both durable and stylish. Finally, an umbrella that performs the way your customers expect.

### FEATURES & SPECS

- + 9 foot coverage area
- + Easy assembly with all parts that are fully repairable and replaceable
- + Sunbrella® canopy is easily removed for cleaning

## SAFE-T-RAIL

### GET A GRIP ON ONE OF THE BEST SPA ACCESSORIES AVAILABLE

The combination of water and slippery surfaces makes every spa a potential hazard. That's why we invented Safe-T-Rail. We believe this product has more upside sales potential than any other product we offer. Don't let a single customer — young or old — leave your showroom without considering a Safe-T-Rail for their spa.

### FEATURES & SPECS

- + Ultra-sturdy, rust-free construction
- + 5-minute installation — Two composite mounting brackets with eight screws each
- + Mounts on virtually any above-ground spa
- + Available in polished stainless steel and rust-free powdercoated aluminum

## smartrail

### THE HAND RAIL THAT EVEN WORKS on recessed sPas

Regardless of a spa's configuration, SmartRail makes entry and exit much safer. A rotating mounting bracket accommodates recessed spas as well as freestanding units. No spa should be without this important accessory.

### FEATURES & SPECS

- + Rust-free powdercoated aluminum
- + Single, corrosion-free rotating bracket with 12 screws
- + 10-minute installation
- + Mounts on virtually any spa

## sPacaddy

### A HANDY, SAFE PLACE TO PUT CELL PHONES, BEVERAGES AND MORE

Sturdy and versatile, the SpaCaddy is a perfect solution to an age-old problem for spa users. Now all of that stuff — from food and drinks to reading materials and more — can be placed within easy reach. Makes a great gift for spa lovers!

#### FEATURES & SPECS

- + Sturdy reinforced plastic tray on an aluminum post
- + Swings toward and away from the spa for easy access
- + Uses one composite mounting bracket with eight screws
- + 27 inches long x 19 inches wide
- + Quickly mounts on virtually any spa

FREE counter display with every case purchased

## TOWELBAR

### THE SMART, CONVENIENT WAY TO KEEP TOWELS CLOSE, CLEAN AND DRY

TowelBar is one of those deceptively simple products that makes all the difference in spa convenience. It holds towels a short distance away from splashing water and steam and conveniently folds flat against the spa side when not in use.

#### FEATURES & SPECS

- + Folds flat or opens away from the spa to keep towels dry
- + Easy installation

## SMARTBAR

### convenient and secure storage Just over the edge

The SmartBar comes standard with our SmartDrawer for convenient, secure storage. The SmartBar features a slip resistant tread to keep valuables from slipping away. Customers can safely put drinks, phones and spa accessories within arms reach with the SmartBar.
